

Skidby CE Primary School

SEN Policy

Inclusion Statement

Skidby Primary School is committed to creating a school in which the teaching and learning, achievements, attitudes and well being of every member of the school matter. We seek to create opportunities for all children to achieve their very best in terms of academic attainments and personal attainments. We aim to make the curriculum accessible to all in a stimulating learning environment in which success is celebrated in all areas. We strive to make everyone feel welcome. We endeavour to work with parents, children and other agencies as well as members of the community to create opportunities for positive outcomes for all our children.

We take account of the Children and Families Act 2014 Disability Rights Code of Practice 2002 and the Special Educational Needs Code of Practice 2014 in this policy.

We are committed to the promotion of the achievement of all of our learners. Our support for children with SEN is underpinned by the three principles of the National Curriculum:

1. Setting suitable challenges
2. Responding to our pupils' diverse learning needs
3. Overcoming any barriers to learning and assessment for individuals or groups of pupils

This policy builds on our School Inclusion Policy, which recognises the entitlement of all pupils to a balanced, broadly based curriculum. It reinforces the need for teaching that is fully inclusive. The Governing Body will ensure that appropriate provision will be made for all pupils with SEN

The SEN aims

- To ensure that all pupils have access to a broad and balanced curriculum
- To provide a differentiated curriculum appropriate to the individual's needs and ability.
- To ensure the identification of all pupils requiring SEN provision as early as possible in their school career
- To ensure that SEN pupils take as full a part as possible in all school activities
- To ensure that we have a child outcome orientated system of support involving children and parents in decision making.
- To work together with Health and Social Care to create positive outcomes for children.

This policy

- This policy was developed by the SENCO with Senior staff and shared with TAs, teaching staff and the Governing Body
- The Governors have agreed their role in SEN and have contributed to this policy
- All staff are aware of this policy

Background Information

A child has special educational needs if he or she has learning difficulties that call for special educational provision to be made. A child has SEN if he/she-:

- a) Has a significantly greater difficulty in learning than the majority of children of the same age
- b) Has a disability which prevents or hinders the child from making use of educational facilities of a kind provided for children of the same age in other schools within the LEA
- c) Is under compulsory school age, and falls within the definition at a) or b) above or would do so if special educational provision was not made for the child

SEN Needs and Provision can be considered as falling into 4 broad areas.

- Communication and interaction

- Cognition and learning
- Social, mental and emotional health
- Sensory and /or physical

At Skidby Primary School we have a full range of children with SEN including all four areas of need.

Early identification of problems/needs is essential and we have a procedure which ensures a quick response to such needs.

Once identified KS1 and KS2 children may be withdrawn for individual or group teaching to meet their IEP targets. Some children will be supported in class with additional TA support for specific groups or individuals. Children may be withdrawn to participate in interventions. All interventions will be recorded on the Provision Map. Giving all children access to a broad, balanced curriculum is a very important aspect of our philosophy, but it is recognised that differentiation must be practised if the needs of all our children are to be met.

The central point of our philosophy must be that the needs of each individual child are met and that we ensure that each child achieves the highest possible standards both in their academic work and in their behaviour. We acknowledge the value of both academic and life skills and work towards high standards of attainment in both.

Admission Arrangements

The Governing Body believes that the admissions criteria should not discriminate against pupils with SEN and has due regard for the practice advocated in the Code of Practice. Our admission arrangements reflect the inclusive nature of our school.

Allocation of resources

All schools in the East Riding receive funding for pupils with SEN in these main ways:

1. The basic budget covers teaching and curriculum expenses for all pupils
2. The delegated SEN budget (based on the LA formula, and generated in part by numbers on the SEN Register) covers the additional support required
3. SEN Standards Fund, allocated annually to LAs by the DfES subject to matched funding. The East Riding of Yorkshire LA delegates the maximum amount to schools as per the DfES guidelines for Standards Fund. Schools are able to access over and above this amount by linking into SEN projects and training.
4. Specific funds allocated to pupils with statements EHC plans still impacts on the budget.

The costs of the SENCO is set against the core or base budget of the school rather than against additional funds delegated to the school for the purpose of meeting the particular needs of children with SEN.'(5.35) The DfES state that 'core or base budget' refers to sources 1 and 2 above.

Skidby Primary School follows LA guidance to ensure that all pupils' needs are appropriately met.

Early Identification

Early identification of pupils with SEN is a priority. The school will use appropriate screening and assessment tools, and ascertain pupil progress through:

- Evidence obtained by teacher observation/ assessment
- Use of Provision mapping based on the assessments to prioritise intervention work
- Their performance in N.C. judged against level descriptions
- Pupil progress in English and Mathematics National Curriculum
- Standardised screening or assessment tools.
- Reports or observations

- Records from feeder schools, etc.
- Information from parents

The above information, once gathered, will help to-:

- Provide starting points for an appropriate curriculum
- Identify the need for support within the class
- Assess learning difficulties
- Ensure on-going observations/assessments provide regular feedback on achievements/ experiences, for planning next steps in learning
- Involve parents in a joint home-school learning approach
- Ensure appropriate teaching and learning experiences.
- Implement the graduated school response using the Assess, Plan, Do, review model.
